INDEX.

A.

Abscess, metastatic, 117
Absorbing power of human skin, 507
Abstinence, prolonged, 278
Ægophony as a sign of pleurisy, 240
Ague, treatment of by cinchoniæ disulphas, 528
Alcohol, as an aliment in disease, 208
———, is it food? 508
Aldis, poisonous effects of coal gas, 274
Amaurosis cured by evacuating aqueous humours, 257
———— from carious tooth, 550
———— from injury to fifth pair of nerves, 70
————, hereditary, 256
American Asylums for the Insane, notices of reports of, 165, 483
Ammonia, antiseptic properties of, 212
Amputations at Paris hospitals, statistics of, 250
Anæsthetic, local, 253
Anchylosis of hip-joint from rheumatism, 247
Aniline, chorea treated by, 235
———, poisoning by, 275
Anstie, alcohol as an aliment in disease, 208
Antimony, iodide and oxyiodide of, 512
Apoplectic and phthisical, probabilities of life of, 241
Appia, Ambulance Surgeon, notice of, 200
Arm, common injury to, in young children, 563
Arrow wounds, 365
Arterial obstruction, cases of, 518
Ashhurst, abscess of kidney, 116
————, burns, 82
————, compound comminuted fracture of skull, &c., 106
————, compound comminuted fracture of thigh, &c., 112
————, fracture of sternum, 406
————, mammary carcinoma, 107
————, ruptured peritoneum, 114
Atropia paper, 555
Atropia, substitution of daturia for, 212
Auscultation of head, 521
Aveling, displacement of uterus, 189

B.

Baker, monstrosity, 278
———, statistics of cancer, 549
Ballard, tactile sensibility of hand, 203
Barclay, medical diagnosis, 202
Barnes, broncho-pneumonia in lying-in women, 271
———, indications for induction of premature labour, 185
Barthez, pneumonia in infants, 226
Bauchet, resection of elbow, 541
Bayonet, body transfixed by, 283
Begbie, diphtheria and its sequelæ, 520
Behier, peritonitis treated by cold to abdomen, 270
Belladonna in opium poisoning, 277, 280, 395
Bennett, treatment of pneumonia, 529
Berend, operation for anchylosis of hip-joint, 247
Bibliographical notices—
——— American Asylums for the Insane, 165, 483
——— Appia, Ambulance Surgeon, 200
——— Barclay, Medical Diagnosis, 202
——— Brown-Séquard on Paralysis, 175
——— Gairdner, Public Health in Relation to Air and Water, 192
——— Gay, Intestinal Obstruction, 180
——— Headland, Medical Handbook, 506
——— Milroy on Health of British Navy, 497
——— Mitchell, Circulation in Snapping Turtle, 201
——— Sims, Amputation of Cervix Uteri, 179
——— Smith, Handbook of Surgical Operations, 181
——— Smith, on Hæmorrhoids and Prolapsus of Rectum, 504
——— Tourniquet for Armies, 180
——— Transactions of Obstetrical Society of London, 182
——— Transactions of State Medical Societies, 463
——— Vedder, Extension and Counter Extension in Fractures, 179
——— Walshe on Diseases of Heart and Great Vessels, 496
——— Wilson, on Sterility and Spermatorrhœa, 505
Bickersteth, ligature of common iliac artery, 538
Bill, arrow wounds, 365
Bladder, congenital inversion of, 253
Blake, belladonna in opium poisoning, 280
Blepharo-spasm, 551
Blot, stability of cure of varices, 247
Bones, influence on the growth of, of paralysis, &c., 244
Bouchut, veratria in rheumatic fever, 536
Boudin, marriages of consanguinity, 205
Brassfounders' ague, 238
Braun, retro-uterine hematocele, 273
Breast, abscess of, 187
Briquet, sudden death from emboli, 239
Brodhurst, treatment of old dislocations, 546

Broncho-pneumonia in lying-in women, 271
Brown, ovariotomy, 190
Brown-Séquard, fibrous tumours of uterus, 184
———————, lectures on paralysis, 175
Bruckner, probabilities of duration of life in apoplectic and phthisical, 241
Burkhardt, ether and belladonna in strangulated hernia, 253
Burns, treatment of, 82, 242
Butler Hospital for Insane, notice of report of, 165

C.

California Insane Asylum Report, notice of, 173
Camp measles, fungi of wheat straw as a cause of, 17
Camphorated chloroform as a local anæsthetic, 253
Cancer, statistics of, 549
Cancrum oris, treatment of, 227
Carcinoma of mamma, 107
Cardiac murmurs, 29
Carditis in a child, 187
Carotid, ligature of common, 245
Castella, fracture of rib by a sneeze, 249
Cataract, frequent evacuation of aqueous humour for, 255
China, medical missionary's hospital in, 99
Chlorate of potash in phthisis, 223
Chloride of barium, tetanus cured by, 243
Chloroform, new preparation of, 215
Cholera infantum, state of liver in, 566
Cholesteremia, 349
Cholesterine, excretion of by liver, 305
Chorea treated by sulphate of aniline, 235
——— treated by whiskey, 566
Christian, epidemic relationship of zymotic diseases, 91
Cinchonæ disulphas in ague, 528
Clark, acute chorea treated with whiskey, 566
Claude Bernard, calorific and vascular nerves of the sympathetic, 508
Clover-hay tea in hooping-cough, 278
Coal-gas, poisonous effects of, 274
Cochin China ulcer, 254
Cod-liver and other oils, administration of, 214.
Coffee, influence of on metamorphosis of tissue, 507
Collis, operations for varicocele and varicose veins, 246
Collodion, vesicating, 216
Condy, clover-hay tea in hooping-cough, 278
Convulsions, intra-uterine, 272
Cooke, ovarian tumour cured by tapping, 271
Cooper, blepharo-spasm, 551
———, epiphora, 554
———, intra-ocular effusions, 554
———, periorbitis, 553
Cornea, paracentesis of, 552
———, staphyloma of, 284
———, stone imbedded in, 259
Cotton, iron in consumption, 221
Cowan, spontaneous inversion of uterus, 557
Creasote, solid, 217

D.

Datura, substitution of for atropia, 212
Davis, hydatid mole expelled from uterus, after a living child, 187
———, ligature of common carotid, 245
Deaf dumbness and marriages of consanguinity, 205
Delirium tremens, large doses of digitalis in, 224, 532
———————, therapeutics of, 531
Demarquay, dislocation of foot forwards, 248
Diabetes mellitus, saccharine treatment of, 232
——— with spinal irritation, 520
Diarrhœa, subnitrate of bismuth in, 231
Dickson, smallpox, 54
———, treatment of acute rheumatism, 534
Digitalis in delirium tremens, 224
———, large doses of, in delirium tremens, 224, 532
Diphtheria and its sequelæ, 520
Dislocation of ulna forwards, 248
——— of foot forwards, 248
Dislocations, treatment of old, 546
Dobell, review of, on germs and vestiges of disease, 157
Donovan, hyoscyamus, 218
Druit, liquid essence of beef, 186
Duclos, treatment of acute dysentery, 534
Duncan, internal surface of uterus after delivery, 265
———, opium poisoning treated by belladonna, 277
Duriau, strychnia poisoning, 562
Dysentery, treatment of, 231
———, subnitrate of bismuth in, 231
———, treatment of acute, 534

E.

Ear, polypus of, 285
Earle, pelvimeter, 187
Elbow, resection of, 541
Ellis, rennet wine, 510
Emboli, sudden death from, 239
Embolism of arteria centralis retinæ, 258
Epidemic typhoid fever from use of impure water, 518
Epilepsy, remedies for, 235
———, review of Reynolds on, 134
Epiphora, slitting up canaliculus for, 554
Evolution, case of, 185
Exhaustion, substitute for brandy in, 185
Eye-instruments, gilt and non-metallic, 556
Eye, loss of from bite of leech, 259
——, review of Williams on Diseases of, 441

F.

Femur and pelvis, wounds of, 109
———, compound comminuted fracture of, &c., 112
———, continuous extension in fractures of, 88
Fever, quinine as a prophylactic, 122
Fifth pair of nerves, amaurosis &c., from injury of, 70
Flecken, twins, one dead at six months, both retained until full term, 266
Flint, excretory function of liver, 305
——— on cardiac murmurs, 29
Food in typhoid fever, 218
Fœtus, diagnosis of sex of, 266
Foot, dislocation of, 248
Fourgeaud, puerperal uræmia, 103

Fox, vessels concerned in production of phlegmasia dolens, 558
Fracture of patella, 249
——— of rib, 249
Fractures of femur, India rubber for continuous extension in, 88
Frémy, therapeutic properties of malt, 212
Fungi of wheat straw as a cause of measles, 17, 387

G.

Gairdner, public health in relation to air and water, 192
Gangrene, oxygen baths for, 548
Gardner, therapeutic properties of podophyllin, 210
Gaubert, subnitrate of bismuth in diarrhœa and dysentery, 231
Gay, intestinal obstruction by solitary band, 179
Giraud-Teulon, strabismus rectified by prismatic glasses, 259
Glycerole of tar, 515
Gnecchi, tetanus cured, 243
Goodfellow, arterial obstruction, 518
Graefe, loss of eye from bite of leech, 258
Greenhow, brass founders' ague, 238
Guepin, hemorrhage in anterior chamber of eye, 261
Gunshot wound of lung, 250

H.

Hæmorrhoids and Prolapsus of Rectum, notice of Smith on, 504
Halahan, mechanism of labour, 261
Hand, tactile sensibility of, 203
Harley, pathology and treatment of jaundice, 230
Hatherly, pelvic cellulitis, 188
Hawks, double monster, 191
Haydon, syphilitic disease after vaccination, 232
Hays, syrup of triticum repens in irritable bladder, 279
Head, auscultation of, 521
——, elongation of fœtal, 187
Headland's Medical Handbook, notice of, 506
Heart, liability to affections of in rheumatism under different remedies, 535
——, notice of Walshe's Treatise on Diseases of, 496
Hemorrhage in anterior chamber of eye, supplementary to menstrual flow, 261
Herard, food in typhoid fever, 218
Hernia, incarcerated, 111
——, singular case of, 568
Hewitt, elongation of fœtal head, 187
——, polypus of uterus, 190
Heyfelder, resection of astragalus, 541
Hicks, uterine polypi, 190
Hodges, a common injury to arm in very young children, 563
Holmes, polypus of ear, 285
Holthouse, fracture of patella, 249
Hooping-cough, clover-hay tea in, 279
———————, nitric acid in, 284
Hughes, saccharine treatment of diabetes mellitus, 232
Huguier, umbilical hernia, 352
Humphrey, influence of paralysis, &c. on growth of bones, 244
Hutchinson, stone imbedded in cornea for seven months, 259
Hydatid mole expelled from uterus after a living child, 187
Hyoscyamus, extract and tincture of the leaves of, 218

I.

Iliac aneurism, 537
—— artery, ligature of common, 538
Infusoria, formation of, 567
Inman, is alcohol food, 508
Insane and idiotic in the U. S., statistics of, 483
Insane, notice of Reports of American Institutions for, 165, 483
Intra-ocular effusions, 554
Iowa Hospital for Insane, notice of report of, 490
Iron in consumption, 221
Irwin, body transfixed by bayonet, recovery, 283

J.

Jaundice, pathology and treatment of, 230
Jobert, substitution of daturia for atropia, 212
Johnston, pseudencephalic monster, 96
Jordan, inversion in strangulated hernia, 548
Joset, properties of wild thyme, 511

K.

Keiller, cancrum oris, 227
———, induction of premature labour, 263
Kentucky, notice of Report of Western Lunatic Asylum of, 489
Kerr, stone in the bladder, 99
Kidney, abscess of, 116
Kunkler, diabetes with spinal irritation, 520

L.

Labour, mechanism of, 261
Lambert, elastic tourniquet, 180
Landouzy, ægophony as a sign of pleurisy, 240
Laugier, oxygen baths in local gangrene, 548
Lawson, paracentesis of cornea, 552
Lee, compound fracture of sacrum, 113
——————————— of skull, 114
——, deformity of legs, 110
——, incarcerated hernia, 111
——, rupture of urethra, 108
Leet, gangrene of lung, 107
Lefort, method of detecting minute traces of morphia, 276
Legs, deformity of, 110
Lente, amaurosis and other disorders of eye from injury of fifth pair of nerves, 70
Lewin, connection between poisoning by phosphorus and fatty liver, 275
Lieberich, embolism arteria centralis retinæ, 258
Life and organization, review of theories of, 119
Ligature of common carotid, 245
Little, influence of abnormal parturition, &c. on condition of child, 189

Liver, in cholera infantum, 566
——, new excretory function of, 305
Long View Lunatic Asylum, notice of report of, 488
Lowe, congenital inversion of bladder, 253
Lung, gangrene of, 107
——, gunshot wound of, 250

M.

McClintock, turning in cases of disproportion, 556
Mackenzie, chorea treated by sulphate of aniline, 235
Madge, smallpox in twin fœtuses, 187
——, uterine hemorrhage, 184
Malt, therapeutic properties of, 212
Manche, tænia solium, 240
Manifold large doses of digitalis in delirium tremens, 532
Marriages of consanguinity, 205
Martenot, extirpation of toe nail, 253
Massachusetts Lunatic Asylum, at Taunton, notice of report of, 494
—— State Lunatic Asylum, at Northampton, notice of report of, 495
Mayo, idiopathic carditis in a child, 187
——, presentation of right shoulder and arm, 185
Meadows, hernia of ovary, 191
——, pericarditis in a child, 186
Measles. fungi of wheat straw as a cause of, 17, 387
Milk abscess, 187
Mitchell, circulation in snapping turtle, 201
——, marriages of consanguinity, 205
Monster, double, 191
——, pseudencephalic, 96
Morphia, mode of detecting minute traces of, 276
Monstrosity, 278
Mussey, Health, its Friends and Foes, review of, 461

N.

Napper, defective formation of skin round umbilicus, 183
Navy, health of royal, 495
New Hampshire Asylum for Insane, notice of report of, 493
New Jersey, notice of Transactions of State Medical Society of, 476
—— State Hospital for Insane, notice of report of, 170
Newman, eighteen pregnancies and only seven living children, 191
New York, notice of Transactions of State Medical Society of, 463
Nitrate of silver in acute dysentery, 534
Nitric acid in hooping-cough, 284
Nitro-benzol, poisoning by, 275
Noble, nitric acid in hooping-cough, 284
Nœggerath, inversion of uterus reduced, 283
Norris, opium poisoning treated by belladonna, 395
Noyes, staphyloma cornea, iridectomy, 284
Nunn, milk abscess, 187

O.

Oakum as a substitute for lint, 566
Obstetrical Society of London, notice of Transactions of, 182
Ohio, Northern Lunatic Asylum Report, notice of, 172, 488
——, Hamilton County Lunatic Asylum Report, notice of, 173, 488
Ophthalmoscope, 554
Opium poisoning, belladonna, 277, 280, 395
Ord, prolonged abstinence, 278
Oswald, cinchoniæ disulphas in ague, 528
Ovarian tumour cured by tapping, 271
Ovariotomy, 183, 190
Ovary, hernia of, 191
Ozanam, preparation of oxygenated water, 511

P.

Packard, deficiency of ribs, 118
——, Indian rubber for making continuous extension in fractures of femur, 88
——, metastatic abscess, 117
——, singular lesion of urinary bladder, 105, *ib.*
——, wound of femur and pelvis, 109
Paracentesis of cornea, 552
Paralysis, notice of Brown-Sequard, Lectures on, 175
Parker, singular case of hernia, 568
Patella, fracture of, 249
Pathological Society of Philadelphia, proceedings of, 105
Patton, pumpkin seeds in tænia, 284
Pelvimeter, Earle's, 187
Pelvic cellulitis, 188
Pelvis, fracture of, &c., 115
Pennsylvania, notice of Transactions of State Medical Society, 479
Pericarditis in a child, 186
Periorbitis, 553
Peritoneum, ruptured, 114
Peritonitis treated by cold to abdomen, 279
Peroxide of hydrogen, therapeutic properties, of, 209
Phlegmasia dolens, vessels concerned in production of, 558
Phosphorus, poisoning with, 275
Phthisis, quinia in, 533
——, chlorate of potash in, 223
Pleurisy, ægophony as a sign of, 240
——, treatment of, 226
Pneumonia in infants, 226
——, treatment of, 529
Podophyllin, medicinal properties of, 210
Poggiale, inhalation of pulverized fluids, 214
Poisoning by aniline, 275
—— by nitro-benzol, 275
—— by phosphorus, connection with fatty liver, 275
—— by strychnia, 562
—— by upas tieute, 561
—— by vegetable alkaloids, 413
Polli on sulphites, 513
Pollock, difficult position of head of twins, 185
Polypus of ear destroyed by persulphate of iron, 285
Pregnancy and labour unsuspected, 265
Premature labour, induction of, 185, 263
Public health in relation to air, water, &c., 192
Puerperal phlegmonous erysipelas, 269

Pulmonary consumption, conditions affecting the constitution of persons. 236
———————, iron in, 221
Pulverized fluids, inhalation of, 214

Q.

Quinia as a prophylactic of fever, 221

R.

Railway travelling, influence of on public health, 559
Ranking, therapeutics of delirium tremens, 531
Rennet wine, 510
Resection of astragalus, 541
——— of elbow, 541
Retro-uterine hematocele, 273
Retzius, puerperal phlegmonous erysipelas, 269
Reviews—
———, Dobell, Germs and Vestiges of Disease, 157
———, Mussey, Health: its Friends and Foes, 448
———, Radcliff on Epilepsy, 134
———, Reynolds on Epilepsy, 134
———, Saurel and Rochard, Naval Surgery, 149
———, Smith, Health and Disease, 448
———, Theories of Life and Organization, 119
———, Williams on Diseases of the Eye, 441
Rheumatic fever, veratria in, 536
Rheumatism, treatment of acute, 535
Rhode Island, notice of Transactions of State Medical Society of, 473
Rib, fracture of by a sneeze, 249
Ribs, deficiency of, 118
Richardson, therapeutic properties of peroxide of hydrogen, 209
———, antiseptic properties of ammonia, 212
Ricord, transmission of syphilis by vaccination, 525
Rochard, Cochin China ulcer, 254
Roger, auscultation of head, 521
Roser, treatment of burns, 242

S.

Sacrum, compound fracture of, 113
Salisbury, fungi of wheat straw as a cause of measles, 17, 387
———, poisoning by vegetable alkaloids, 413
Salt, influence on metamorphosis of tissue, 507
Salter, amaurosis from abscess of antrum, 550
Sayre, oakum as a substitute for lint, 566
Sedgwick, hereditary amaurosis, 256
Sex of fœtus, diagnosis of, 266
Sidey, intra-uterine convulsions, 272
Sims, amputation of cervix uteri, 179
——, vaginismus, 190
Skin, absorbing power of, 507
Skinner, new preparation of chloroform, 215
Skull, compound comminuted fractures of, 543
——, fracture of, 106, 114
Smallpox, and the means of prevention, 54
Smallpox in twin fœtuses, 187
Smart, quinine as a prophylactic of fever, 221
Smith, Handbook of Surgical Operations, 181
——, Health and Disease, review of, 448
——, influence of temperature on yellow fever, 531
——, liver in cholera infantum, 566
——, statistical inquiry relative to phthisis, 236
Sneeze, fracture of rib by, 249
Sperino, frequent evacuation of aqueous humour for absorption of cataract, 255
Spermatorrhœa and Sterility, notice of Wilson on, 505
Stanislaus Martin, solid creasote, 217
Staphyloma corneæ, iridectomy, 284
Steinback, diagnosis of sex of fœtus, 266
Sternum, fracture of, 406
Stone in the bladder, cases of, 99
Strabismus, cure of divergent by prismatic glasses, 259
Strangulated hernia, 253
Strangulated hernia, inversion in, 548
Streatfield, atropia paper, 555
———, gilt and non-metallic eye instruments, 556
Sulphites, a new series of salts, 513
Suspended animation, report on, 516
Sympathetic, calorific and vascular nerves of, 508
Syphilitic disease after vaccination, 239
——— in phthisis, 533
Syphilis, transmission of by vaccination, 525
Syme, iliac aneurism, 537

T.

Tactile sensibility of hand, 203
Tænia solium, 240
Tænia, seeds of pumpkin for, 284
Tanner, fibrous tumour of uterus, 182
——, unsuspected pregnancy and labour, 265
Tar plasma, 515
Taylor, non-shortening of supra and infra-vaginal portions of cervix uteri, 281
Tetanus cured by chloride of barium, 243
Thompson, absorbing power of skin, 507
Thymus serpillum, medical properties of, 511
Tichborne, vesicating collodion, 216
Toe nail, extirpation of, 253
Trelat, statistics of amputations, 250
Triticum repens, syrup of in irritable bladder, 279
Trousseau, pleurisy, 226
Turning in cases of disproportion, 556
Twins, one dead at six months, both retained until full term, 266
Tyler Smith, ovariotomy, 183
Typhoid fever, food in, 218
——— from use of impure water, 518

U.

Ulna, dislocation of forwards without fracture of olecranon, 248
Umbilical hernia, difficulties in treatment of, 252
Umbilicus, defective formation of skin round, 182

United States Government Hospital for Insane, notice of report of, 484
———, statistics of insane and idiotic in, 483
Upas tieute, poisoning with, 561
Uræmia, puerperal, 103
Urethra, rupture of, 108
Urinary bladder, lesions of, 105
Urine, effects of retention after parturition, 190
Uterine hemorrhage, 184
———, polypi, 190
Uterus, displacement of, 189
———, fibrous tumour of, 182, 184
———, internal surface of after delivery, 265
———, inversion of reduced, 283
———, polypus of, 190, 191
———, spontaneous inversion of, 557

V.

Vaccination, transmission of syphilis by, 535
Vaginismus, 190
Valves of veins, 204
Van den Corput, iodide and oxyiodide of antimony, 512
Varices, stability of cure of, 247
Varicocele and varicose veins, operations for, 246
Vedder, extension and counter-extension in fractures, 179
Veins, valves of, 204
Veratria in rheumatic fever, 536
Verneuil, valves of veins of extremities, 204
Virginia, Western Asylum, notice of report of, 171
Voit, influence of salt and coffee on metamorphoses of tissue, 507

W.

Walshe on diseases of heart and great vessels, notice of, 496
Wallace, administration of cod-liver and other oils, 214
Wells, effects of retention of urine after parturition, 190
Whiskey, acute chorea treated with, 566
Wild thyme, medical properties of, 511
Williams, compound comminuted fractures of skull, 543
———, on Diseases of the Eye, review of, 441
Wisconsin State Hospital for the Insane Report, notice of, 174
Wisconsin State Hospital for Insane, notice of report of, 492
Woods, gunshot wound of lung, 250
Wyman, formation of infusoria, 567

Y.

Yellow fever, influence of temperature on, 521

Z.

Zinc, disease produced by fumes of, 238
Zymotic diseases, epidemic relationship of, 91
